  - Proposals by Individual TOD Committee Members
  - Discussion
  - Conclusions

4 March 1969

Subject: DCI Proposal for Levying TOD Phase II Call covering the COP

1. The following presents the DCI proposal for explicit action to levy the TOD Phase II call on NSA. In presenting this course of action, it is recognized that the DCI proposal is incomplete. It is intended to be an opening position, for discussion with NSA, and it is negotiable and modifiable based on information developed in such discussion.

2. The DCI proposal:

A. Resources Data:

Form 2812. The requested resource data would be by Stations as Reporting Entities and by some (as yet unidentified) appropriate breakdown of NSA Headquarters and other SCA Headquarters into Reporting Entities.

Form 2812a.

Collection. A form 2812a will be submitted for each of the 14 NSA categories for Collection positions. These are:

B. Force Tables:

One force table will show the number of positions by position type for each station for each year (FYs 1968-1974).

A second force table will show the number of positions by position type targeted by geographic area and mission category for each year (FYs 1968-1974).

C. Unresolved problems for reporting format:

1. Both telemetry collection and telemetry processing are to be identified.
2. Support categories for the stations and headquarters reporting entities are to be identified.
3. Telemetry, Elint, Comint and ComSec R&D are to be separately identified.
